

H. ERNBERG IS APPOINTED DEALER HERE

DIANAPOLIS MAN TO SUC-
CEED THE LATE W. A.
STEELE

GREENCASTLE MOTORS INC.

Chvrolet and Buick Agency
To Retain Present Firm Name
It Is Announced

The announcement of the appoint-
ment of Otto H. Ernberg as the
Chevrolet and Buick dealer in Green-
castle has been made by the Chevro-
let and Buick divisions of General
Motors, Inc. The dealerships will
continue to be known as the Green-
castle Motors, Inc., and Mr. Ernberg
will succeed the late W. A. Steele as
resident and general manager of
the corporation.

For the past ten years Mr. Ern-
berg has been connected with the
Chevrolet division of General Motors
district manager, department head
in other capacities, most recent-
ly as organization manager of the
Indianapolis zone. Prior to this he
was associated in the advertising
field with Campbell Ewald Co., of
Cincinnati, which concern handles
large volume of the advertising of
General Motors.

After attending the public schools
in New York City, his family moved
to Berea, Kentucky, where he attend-
ed high school and was graduated
from Berea College, at which college
his mother, the late Mrs. Anna Ern-
berg, attained nation-wide promi-
nence in her work of reviving colonial
crafts for which work she was named
one of the fifty most prominent
American women by *Ida May Tar-*
bell, well known novelist and news-
paper woman.

Mr. and Mrs. Ernberg and their
daughter, Anna Marie, are now liv-
ing in Indianapolis but plan to move
to Greencastle in the near future.
Mr. Ernberg in his statement of how
he liked Greencastle and the
people that he has met here said that
he recalled most pleasantly his home
in Berea, Ky., and that it had always
been his subsequent desire to live in
a university city the size of Green-
castle. "Mrs. Ernberg and Anna
Marie are very much interested in
music and I know that they will be
happy to learn of the excellent school
of music at DePauw University,"
said Mr. Ernberg.

"Our policies will be established
on a basis of strict fairness in all
services to the public and in every
phase of their transportation needs,"
Mr. Ernberg said in commenting on
the policies of the company.
Mr. Ernberg with his experience
and background in the automobile
and allied industries is welcomed to
Greencastle as an addition to the
business and commercial life of the
city.

WO ANDERSON MOTORISTS FACE AFFIDAVITS HERE

Shortly after noon Saturday, Les-
lie Garner, with Clyde Farmer as a
passenger, both of Anderson, drove
an automobile belonging to W. A.
Wright, of Fillmore, parked at
the intersection of Washington streets, dam-
aging both cars. State Policeman
Huguen, city, happened to be
in a garage only a block from the
intersection where the accident oc-
curred, and hearing the crash, he
rushed to the scene, arriving in
time to see Garner driving away. He
arrested both men and put them in
jail where they stayed until Monday
morning.
Garner was charged with driving
an motor vehicle while under the in-
fluence of intoxicating liquor and
Farmer, who is owner of the car,
was charged with public intoxica-
tion in affidavits prepared by county
prosecutor Rexell A. Boyd on Mon-
day.

GERMANS CLAIM HITS ON TWO BRITISH BATTLESHIPS

BERLIN, March 17 (UP)—The
official news agency asserted today
that German torpedo planes scored
direct hits on two British battle-
ships yesterday in an attack on a
strong British naval force 25 miles
west of the Greek island of Crete.
Describing the attack on the Brit-
ish fleet, the official agency said
that the two warships mentioned as
sunk were enveloped in clouds of
black smoke for a long time.
German planes attacked the Brit-
ish fleet, consisting of two battle-
ships, six cruisers and several de-
stroyers, 25 miles west of Cape Krio,
the southwest end of Crete, ac-
cording to the official agency.

will be in the Fillmore cemetery.

ZINC MILL RE-OPENS

The mill of The American Zinc
Products Company re-opened Mon-
day morning after a ten day shut-
down, due to difficulty over working
conditions. Negotiations of a com-
plete agreement are expected to be
worked out during the coming weeks
and no further differences are anti-
cipated. The decision to return to
work was submitted following a
meeting held last week at which
time it was said the men were asked
to return to work pending the nego-
tiations.

GAVE PIANO RECITAL

Miss Ramona Wilson presented her
senior DePauw Music School piano
recital Sunday afternoon in Meharry
Hall.

Included on the program was the
difficult "Chromatic Fantasy and
Fugue" by Bach; the Fantasy, Molto
Allegro, Adagio and Allegro Assai
movements from Mozart's "Fantasy
and Fugue in C Flat Minor"; three
studies from Chopin's Opus 25; and
"Oiseaux Tristes" and "Toccata" by
Ravel.

Miss Wilson is a member of Mu-
Phi Epsilon, music honorary for
women, and was featured last week
as soloist with the DePauw concert
band.

TO SHOW FRENCH FILM

One of the most unusual entertain-
ment features of the year will be of-
fered tomorrow when Cinemart pre-
sents "Daybreak," the last film to be
made in free France. This film study
of murder and warped lives was pro-
duced last spring and exported sev-
eral days before the Nazi occupation
of France.

The picture has been shown in only
a few American cities. When Cine-
mart found that the first 16 mil-
lioner showing in this country could
be arranged for Tuesday, the pro-
gram was immediately inserted into
the previously announced schedule.

NEW SHERIFF MOVES IN

Sheriff Robert Patton and Mrs.
Patton have moved from Raccoon,
where they have been residing, into
the sheriff's residence in the jail
building in Greencastle. Mrs. Gra-
ham has changed her residence from
the jail property to the Graham
property on Poplar street.

GERMAN LINER BREMEN IS REPORTED BURNING

BERLIN, March 17.—(UP)—Fire
of undisclosed origin broke out yester-
day in Germany's 51,731 ton, \$20-
000,000 super-liner Bremen and was
still burning today, it was officially
announced.

It was not disclosed where the Bre-
men was now lying.
The Bremen escaped capture by
the British in a run from New York
to Russia's arctic port of Murmansk
after the war started and made her
way back to German waters in safety.

There had been many reports that
she had been sunk at various times
and places.

Funeral Tuesday For Mrs. Collins

DEATH OF LOCAL WOMAN OC-
CURRED SUDDENLY IN
INDIANAPOLIS

Mrs. Marie Collins, age 43 years,
formerly of this city, died suddenly
in Indianapolis Sunday noon. Mrs.
Collins had been in poor health for
several years but her death Sunday
came unexpectedly and was a great
shock to members of her family and
friends here.

Mrs. Collins, youngest daughter of
the late Mr. and Mrs. James C. Nel-
son, was born and reared in Madison
township and Greencastle. Besides
the husband, Floyd Collins, of In-
dianapolis, she is survived by a son,
Donald Eugene Ford, of Greencastle.

Other survivors are three broth-
ers, David O. and John Nelson, Mad-
ison township; O. C. "Buck" Nelson,
Greencastle city policeman; two sis-
ters, Mrs. Lela Carmichael and Mrs.
Gwin Ensign, both of this city.

Funeral services will be held at 2
o'clock Tuesday afternoon from the
McCurry Funeral Home. Rev. H. C.
Fellers will be in charge with burial
in Little Walnut cemetery. Friends
may call at the McCurry Funeral
Home.

Mrs. Wilson Dies At Russellville

LAST RITES HELD SUNDAY FOR
NORTHWEST PUTNAM
WOMAN

Funeral services were held Sun-
day afternoon at 2 o'clock in the
Christian church at Russellville for
Mrs. Rebecca Wilson, 82 years old,
who died Saturday morning at the
home of Mr. and Mrs. Clarence
Whitted in that town. She had been
sick a year and a half at the
Whitted home. The services were
conducted by the Rev. Hartling and
the Rev. Alford. Interment was at
the Russellville cemetery.

Born near Russellville, July 18,
1852, Mrs. Wilson was the daughter
of William and Hester Lear, pioneer
Putnam county residents. She was
married to Andrew Wilson many
years ago, the husband preceding her
in death in January, 1928.

Surviving are: a daughter, Mrs.
Leta Shannon of Los Angeles, Cal.;
two sons, Merle and Ollie Wilson of
Indianapolis; two grandsons, Her-
man Culbertson and Edward Wilson
of Indianapolis; two great grand-
children and four step grandchildren.

NINE ABOVE IS LOW MARK IN COLD WAVE

CITY SHIVERS AS MERCURY
SLIDES DOWN NEAR ZERO
DURING NIGHT

ICY BLAST FROM NORTHWEST

Entire State Feels Cold Wave;
More Than 50 Known Dead
In Two States.

St. Patrick's Day was ushered in
by a very unseasonable drop in tem-
perature, pushed down upon us from
the Northwest by a frigid wind. The
lowest point was 9 degrees above
zero, registered at 5 and 6 o'clock
this morning, with a rise of one de-
gree by 7.

Coming as it does after a very
mild period of weather, the icy air
hurt man and beast. It may be a
record low for the same date in pre-
ceding years. A year ago today the
thermometer reading at 7 o'clock in
the morning was 31 degrees.

Some ploughing has been done,
one farmer telling of work of that
kind he started, last week end, but
this "spell" of cold has stopped all
such activities. This farmer said he
found the soil too wet on top but in
digging post holes he found the soil
hard and dry only a short distance
below the surface. "Wells and springs
on my place are low," was his com-
ment.

The Arctic wind found entrance in-
to homes and offices and stores,
through windows and doors which
had been fortified thoroughly against
such a happening, the owners
thought.

Offices on the west side of the
Court House were unpleasantly chil-
ly, because of the keen wind.

One man's thermometer registered
2 degrees below zero. That was in
the Rocky Fork region.

The cold wind made the offices of
the Putnam county Welfare depart-
ment, in the northwest corner of the
court house, third floor, so cold that
Director Benton Curtis dismissed the
entire welfare force for the day and
closed the office.

Township Trustee John Abel whose
office is on the fourth floor of the
court house, over the welfare offices,
visited during the day with county
officers whose quarters were warmer
than his.

INDIANAPOLIS, March 17—

(UP)—Indiana today was experi-
encing part of the same cold wave
that caused blizzards, death and dis-
aster in the Dakotas, Minnesota and
Illinois, according to the J. H. Arming-
ton, chief of the Indiana weather
station.

Arming-ton said the cold high pres-
sure area which had caused blizzards
in many parts of the midwest was
moving toward the southern part of
the state and spreading eastward over
Ohio and Pennsylvania.

Light snowfalls were general
throughout the state although a
heavy blowing was reported at South
Bend. High winds, charted at be-
tween 20 and 30 miles per hour, were
keeping the snow off highways.

Temperatures in Indiana ranged
from 18-degrees above zero at Ev-
ansville and the Ohio River region to
four degrees at McCool in the North-
western part of the state. South
Bend and Goshen recorded six de-
grees early this morning. Fort
Wayne 7, Lafayette 8, Richmond 9,
Indianapolis 11, and Terre Haute 12.

The forecast called for colder
weather in the southern portion of
the state with continued cold else-
where. The bureau saw no prospects
for relief within the next 48 hours.

FARGO, N. D., March 7—(UP)—

Rescue crews in sub-zero cold dug
four more bodies from a snow-drifted
northern Minnesota highway to-
day after one of the northern plain's
worst wind and snow storms, bring-
ing the total of known dead to 51 in
North Dakota and Minnesota.

NAZI PRESS TO ANSWER MR. ROOSEVELT'S SPEECH

BERLIN, March 17. (UP)—News-
papers sharply attacked President
Roosevelt for his British aid speech
today shortly after authorized quar-
ters said that the press would reply
in the name of "the German people."

An authorized Nazi informant had
said of the President's speech Satur-
day night that "the German press
will answer."

"If President Roosevelt feels it
necessary to talk repeatedly to the
German people directly, the German
people should be given an opportu-
nity to reply to him through their
press," a spokesman said.

The spokesman recalled an old
saying that goes: "Whoever shouts
into forests will get an answer."

"And that some times is clearer
than the original shout," the spokes-
man added.

Board Has Control Of County Roads

ACT BY STATE ASSEMBLY GIVES
AUTHORITY TO COM-
MISSIONERS

Among the acts of the late session
of the Legislature restoring home
rule to the taxpayers of the state is
one which returns to the board of
commissioners full control of county
roads. Some years ago, the Legisla-
ture made the Indiana State High-
way Commission the court of last ap-
pel in the improvement of county
roads, and, under that law, now re-
pealed, the board of commissioners
of Putnam county were required to
call in the commission's county re-
lations man for approval of plans for
the betterment of local roads. To
secure the approval of the commis-
sion of plans for the improvement of
county roads, the latter, it was re-
quired, had to be constructed accord-
ing to stringent specifications pro-
vided by the commission.

Among these provisions was a
fifty-foot right of way "for county
roads on which WPA labor was to be
used for grade work and on which
black-top treatment was to be ap-
plied."

Joe Wysong, liaison man between
the highway commission and the
county commissioners and other local
road men, was a very familiar figure
in the county, he being called here
in connection with the betterment of
all county roads during the several
years he was in that position.

However, County Highway Super-
intendent Emory O. Brattain Satur-
day received a letter from Wilbur F.
Smith, the present engineer for coun-
ty relations with the highway com-
mission, in which Mr. Brattain was
notified that the new highway com-
mission reorganization act took out
of the hands of the commission all
control over county roads.

Mr. Brattain expressed the opinion
that, because of that cancellation of
state control, there would be a loos-
ening of requirements for the im-
provement of county highways, and,
also, that there might be less black-
top treatment. He said he believed
gravel and stone roads in the county
could be bettered by more attention
to them in the way of the application
of gravel or stone and the dragging
and other means of maintenance. He
said he thought roads of this type
in the county had been neglected in
the concentration of effort and funds
on roads which possibly carry more
traffic.

It is possible, Mr. Brattain said,
that the county commissioners will
agree to the surface treatment of
roads without the widening of the
right of way which has been required
by the state highway commission,
under the operation of the law now
repealed.

LOCAL BOYS TO TEXAS

Claire Williams and Wendell Ver-
million, who were in the quota of
Putnam county young men who re-
ported at Fort Harrison last Friday
for military service, were sent to
Fort Worth, Texas. Some members
of the March 1 quota from this coun-
ty were sent to various military
posts. Anderson from Russellville
has been sent to Camp Knox after
being at Fort Harrison since being
sent over from here. Other than
Frank Knebel who remains there,
Anderson was the last to be sent
away from Fort Harrison. Others
sent in that contingent were Bob
Drake of Stilesville, Fuller of Roach-
dale, Byrd of Russellville and Key,
living west of the city, were all sent
to Fort Lewis in the state of Wash-
ington. So far as is known they are
the only Putnam boys who have been
sent to the Pacific coast.

Mrs. James Pence and baby re-
turned to their home Sunday from
the local hospital.

EVIDENCE OF SABOTAGE IN TRAIN WRECK

FOUR KILLED; 60 INJURED IN
RAIL DISASTER NEAR
BADEN, PA.

SPIKES PULLED FROM RAIL

Railroad Officials Request Agents
From Federal Bureau Of
Investigation

BADEN, Pa., March 17 (UP)—
Pennsylvania railroad officials asked
for federal aid today in hunting sa-
boteurs blamed for the wrecking of
a five-coach Cleveland-to-Pittsburg
passenger train last night. Four
persons were killed and more than
60 were injured.

Railroad officials said that some-
one familiar with the block signal
system had loosened the rails with-
out breaking the electric signal cir-
cuit, and that the wreckers appar-
ently had the crowded, 13-car Man-
hattan Limited as their target. The
Limited, a double-header, had passed
the scene 18 minutes ahead of the
wrecked train.

The Federal Bureau of Investiga-
tion was asked to send agents to
the scene.

The wreck occurred a mile east of
here where the roadbed parallels the
Ohio river and is built up 40
feet above the water's edge. Three
of the five cars were hurled into the
river. The baggage car, immedi-
ately behind the tender, slipped into
the water and stood upright; a smoker
fell on its side in the water; a coach
was caught between a clump of trees
and the roadbed and partially sub-
merged. Another coach and Put-
nam were derailed but remained
standing.

The dead were A. L. Weigle of
Alliance, O., the engineer; a man,
a woman and a baby boy, all unidenti-
fied. The man's body was found
early today when the partially-sub-
merged coach was raised.

There were approximately 100 pas-
sengers on the train which had left
Cleveland at 6:15 p. m. The wreck
was at 9:15. The coach passengers
were stirring around in the aisles,
collecting their luggage as they
were due in Pittsburgh at 9:30. Many
of the Pullman passengers had
settled down for the night as their
car was to have been attached to a
New York train at Pittsburgh when
the engine hit the loose rail, plough-
ed up the tracks and rumbled down
the embankment.

A preliminary investigation show-
ed that all 48 spikes had been re-
moved from one rail and the rail had
been shoved in the length of the
bond wire that carried the electric
signal current. The bond wire was
not broken. If it had been, warning
signals would have flashed auto-
matically. Bolts also had been re-
moved from a splice bar connecting
the rails. A new claw bar was
found at the scene.

An official statement by E. W.
Smith, vice president of the rail-
road, said that "definite evidences
of sabotage were discovered."

FARM SOLD AT AUCTION TO D'PAUW PROFESSOR

The Frank Cooper farm of 194
acres south of the city on road 43,
was sold at public auction Saturday.
Prof. Baerg made the purchase af-
ter considerable bidding on the part
of other buyers. The purchase price
was \$3750.

Mr. and Mrs. Cooper expect to re-
turn to California in the near future
to make their home.

Workmen today began overhau-
ling the floor of the office of coun-
ty farm agent in the Court House,
where an uneven surface had devel-
oped from the decay of floor joists,
it was said. The county agent's
work is being carried on in the ad-
joining office of the home demon-
stration agent.

FEMALE PAIN

Women who suffer pain of irregular periods with cramps, nervousness, headaches and indigestion should use Lydia E. Pinkham's Vegetable Compound simply because it relieves such distress. Pinkham's Compound is made especially for women to relieve such distressing feelings and thus help them go smiling thru such "difficult" days. Over 1,000,000 women have reported remarkable benefits. Try it!

Sallies by Sally

In Penney's window one day last week they had a blue and white striped blouse with white cuffs and collar. These are washable, long sleeves, and are just the thing for the new skirts. Really they are fresh looking all the time and are easily ironed. They come in different colors to wear with your skirts and besides being pretty, clean and fresh looking are so comfortable. If you work they solve all your problems because it is so easy to keep them looking nice. Go in and see them before they are all gone.

The 1941 Kelvinator has a new feature which is perfect. It is called a cole mist freshener. The secret is that this enables you to keep meat or vegetables indefinitely. This sounds unbelievable but go into Reeves Electric and let them show this to you. It really is a money-saver as the food retains all of its freshness, doesn't spoil if you have to postpone your dinner and is as good the next day as it was the day you put it into your new Kelvinator.

Sam Hanna's new books are so numerous it is difficult to decide which to read first but you can always put your name down and get them when you want them and too, you can buy the ones that are so much talked about. He also has some new cookbooks that solve your problems. One is the Toll House book and the other is The Settlement Cookbook. There are numerous others, also, but these seem to be the newer ones and help so much in solving the ever present food situation.

During the spring most housewives are thinking of fixing over something and Montgomery-Ward's have all kinds of helpful suggestions. In the basement we saw one day units that can be put into your kitchen to make it modern and to help you enjoy the work. One is an entire unit, cabinets for everything, double sink, and on the top cabinets at the edges and above the sink are little shelves on which to put pretty plants or colorful gadgets. Any women would love to have all these new gleamy white in their kitchen. There are smaller ones too, if you have a small kitchen.

Everyone has been reading so much this spring about the new saddle tan shoes. There was almost a whole window full of them at the R and S one day. This color is so wonderful because it can be worn with any color costume and can be used for sports or dress. It is grand all through the summer and just a new pair of shoes brightens up the day for anyone.

As we all know in the spring a young man's thoughts turn to love. In this case the female sex in always included in these thoughts. In order for the young miss to be appreciated and be sought after she must have only personality but she must be dressed for the occasion. Now-a-days the sport apparel seems to be in the limelight. One wearing sport clothes is always accepted at any place at any time.

The so-called suit, whether it is just a jacket and skirt or whether it is the suit with a matching top coat is an ideal outfit.

The other day I was in Prevo's looking around and what suits I saw. I couldn't make up my mind as to which one I wanted.

A practical suit would be a plaid of pastel shades, the jacket being a three button one, with a collar cut like your own open throat shirt. The skirt could either be a circular one with a pleat in front or back, it could be gored, or it could have box pleats. The top coat would be of the matching material with the lining in a different color, a color that would bring out the colors in your suit.

Another smart outfit would be the suit and a lovely camel hair coat or a coat of covert material. The covert material is somewhat newer than camel hair and it also sheds water. Tweed always has that smart effect for the town and country.

As to colors this year, beige seems to be rated very highly, green is very smart and of course, navy is still good.

Your suit will change character with your blouses. While looking around in Prevo's I saw so many attractive blouses. With two or three different ones it is bound to change

the appearance of the suit, you may wear the shirt type, turned up collar may have stitching on the tiny tucked pleats. Either white blouse or some other contrast with your suit.

And to be really smart shouldn't overlook the gloves. If your suit is beige, a really smart looking. With a tan bag, and pigskin shoes are ready for anything.

Of course, if you want more like the boy friend checked one. I know at they are featuring the occasional jacket, it could be tweed, or many other materials. Any more one would know that the male sex is wearing suits. These days we wear our skirts and jackets and coats.

For your Easter hat or brighten your spirits on the days why don't you see the Jolliva's. This spring the bright colors predominate. They are so feminine and flattering. Now with heavy coats they are up your whole costume and arising what a new hat for your grouchy moods. Do go look them over and top that costume off with a gay apron.

The other day I heard a man say he had to go to the store and get another pair of trousers with his sport jacket. He came back he said they had a large assortment of materials that he ended up with two pairs of trousers. On the of the store he happened at the Arrow shirt of the man he just couldn't resist his outfit, shirt, tie, handkerchief but not least, of all, shorts.

Canon's Mallory hats are mainly smart looking. Did you know that they are Cravenette grass? If you don't know go into and ask them to tell you the process. They have at least a dozen different types so don't miss grand looking hats.

Although men say they like the smell of perfume they like the Lucien Lelong "lumes at Pitchford". One that is so distinguished "image". While there is some of the "Flacon de S" if you want to feel faintly be sure and use this soap. For lipstick we all know different colors for different tones and for different occasions. Then purchase the "Toll" kit. In it are three different. Another "must have" article. Tail Spin dusting powder.

FIRST WARD SCHOOL NEWS

Mrs. Cherry and pupils of the third grade were entertained at Miller School by Miss Williams and her pupils and Miss Moore and third grade from Ridpath School. The program was very interesting. We appreciated Miss Williams' hospitality. Mrs. Webb Evans entertained the First Ward teachers and the sixth grade with a party Friday afternoon in honor of the eleventh birthday of her daughter, Betty. Refreshments of ice cream and cake were served.

Sixth grade pupils, Jones school, have enjoyed reading the letters they received this week from Elim, Alaska.

Betty Evans, Miriam Frazier, Ramona Glover, George Stewart, Donald Barnett, Harry McGowan, Richard Jarvis and Billy Fellers from the Jones School attended the children's concert played by the Indianapolis Symphony Orchestra Saturday morning.

ADDITIONAL LOCALS

Mrs. Ethel Hunter Knauer of this city spent the weekend in Cincinnati. Norman Fuller of Toledo, O., was the guest Friday and Saturday of Mrs. E. A. Dougherty and daughters. Mr. and Mrs. Paul Tiery of Indianapolis visited Sunday with the former's grandmother, Mrs. Leona Snider, north College Avenue. Sunday guests of Mr. and Mrs. Leroy Baldwin, south Jackson street, were Mr. and Mrs. Verlie Vase of Stanford, Ind., and Mrs. David Kirkpatrick of Magnolia, Maryland.

The regular faculty meeting for March will be held by the DePauw University faculty in the University Administration Building tonight, according to Herold T. Ross, secretary.

IN MEMORY
In memory of my dear companion and daddy, Walter Haines, just one year ago today.

It seemed almost like heaven Father dear, when you were here, Oh, how tenderly we loved you, How you shared our every sorrow Kissed away every tear.

You were always kind and patient Spreading sunshine everywhere And never a day can slip away Never a twilight fall That we are not thinking of you.

LIGHTS...MIKES... CAMERAS...ALL SET FOR "AMERICA'S MOST TELEVISED GIRL!"

Beauty, voice, dramatic ability—it takes more than one talent to click in television. And it takes more than mildness to click with television actress Sue Read in a cigarette. "I smoke Camels," she says. "They combine a grand extra flavor and extra coolness with the extra mildness that is so essential to me."

SUCH A GRAND-TASTING CIGARETTE—CAMELS. AND THEIR EXTRA MILDNESS IS VERY IMPORTANT TO ME!

THE SMOKE'S THE THING!

YES, when you smoke the slower-burning cigarette... Camel... you have the pleasing assurance of modern laboratory science that you're getting less nicotine in the smoke.

Not only extra freedom from nicotine—but other important extras as well—extra mildness, extra coolness, and extra flavor, too, for Camel's slower way of burning means freedom from flavor-dulling excess heat and the irritating qualities of too-fast burning. There's economy in Camels, too—extra smoking per pack.

And by the carton, Camels are even more economical. Try slower-burning Camels. Compare them by smoking them. For, in a cigarette, the smoke's the thing—and Camel's the smoke!

BY BURNING 28% SLOWER than the average of the 4 other largest-selling brands tested—slower than any of them—Camels also give you a smoking plus equal, on the average, to

THERE ARE NO "RETAKE" in television. Every night is first night. "That's the thrill of it," says Miss Read. "And the thrilling thing about Camels to me is that they always taste so good. I don't get tired of smoking Camels. And they really are so much cooler and milder."

The more you smoke Camels, the more you'll appreciate the freedom from the irritating qualities of excess heat... the extra mildness and extra coolness of Camel's slower-burning, costlier tobaccos. And you'll enjoy Camel's full, rich flavor all the more, knowing—by the word of independent tests—that you're getting less nicotine in the smoke (see above, left).
